AN OPPOSITE PEDAGOGY...

MATH LESSON

- danish educational system is very different than ours:
- fewer students (around 20) by class
- students and the teacher exchange a lot more.
- many group works.
- don't work with paper sheets => they all have their own laptop

THEN WE VISITED THE CITY OF...

SILKEBORG

- region of Jutland-central
- 95,000 people, (12th biggest)
- lake, museum, steamboat, Hjejlen,
- statue of Michael Drewsen, the founder of the city.

FRANCO-DANISH HYGGE

- “hygge” => “a good moment with your friends”
 - cook some danish “specialities”
 - discover French and danish songs

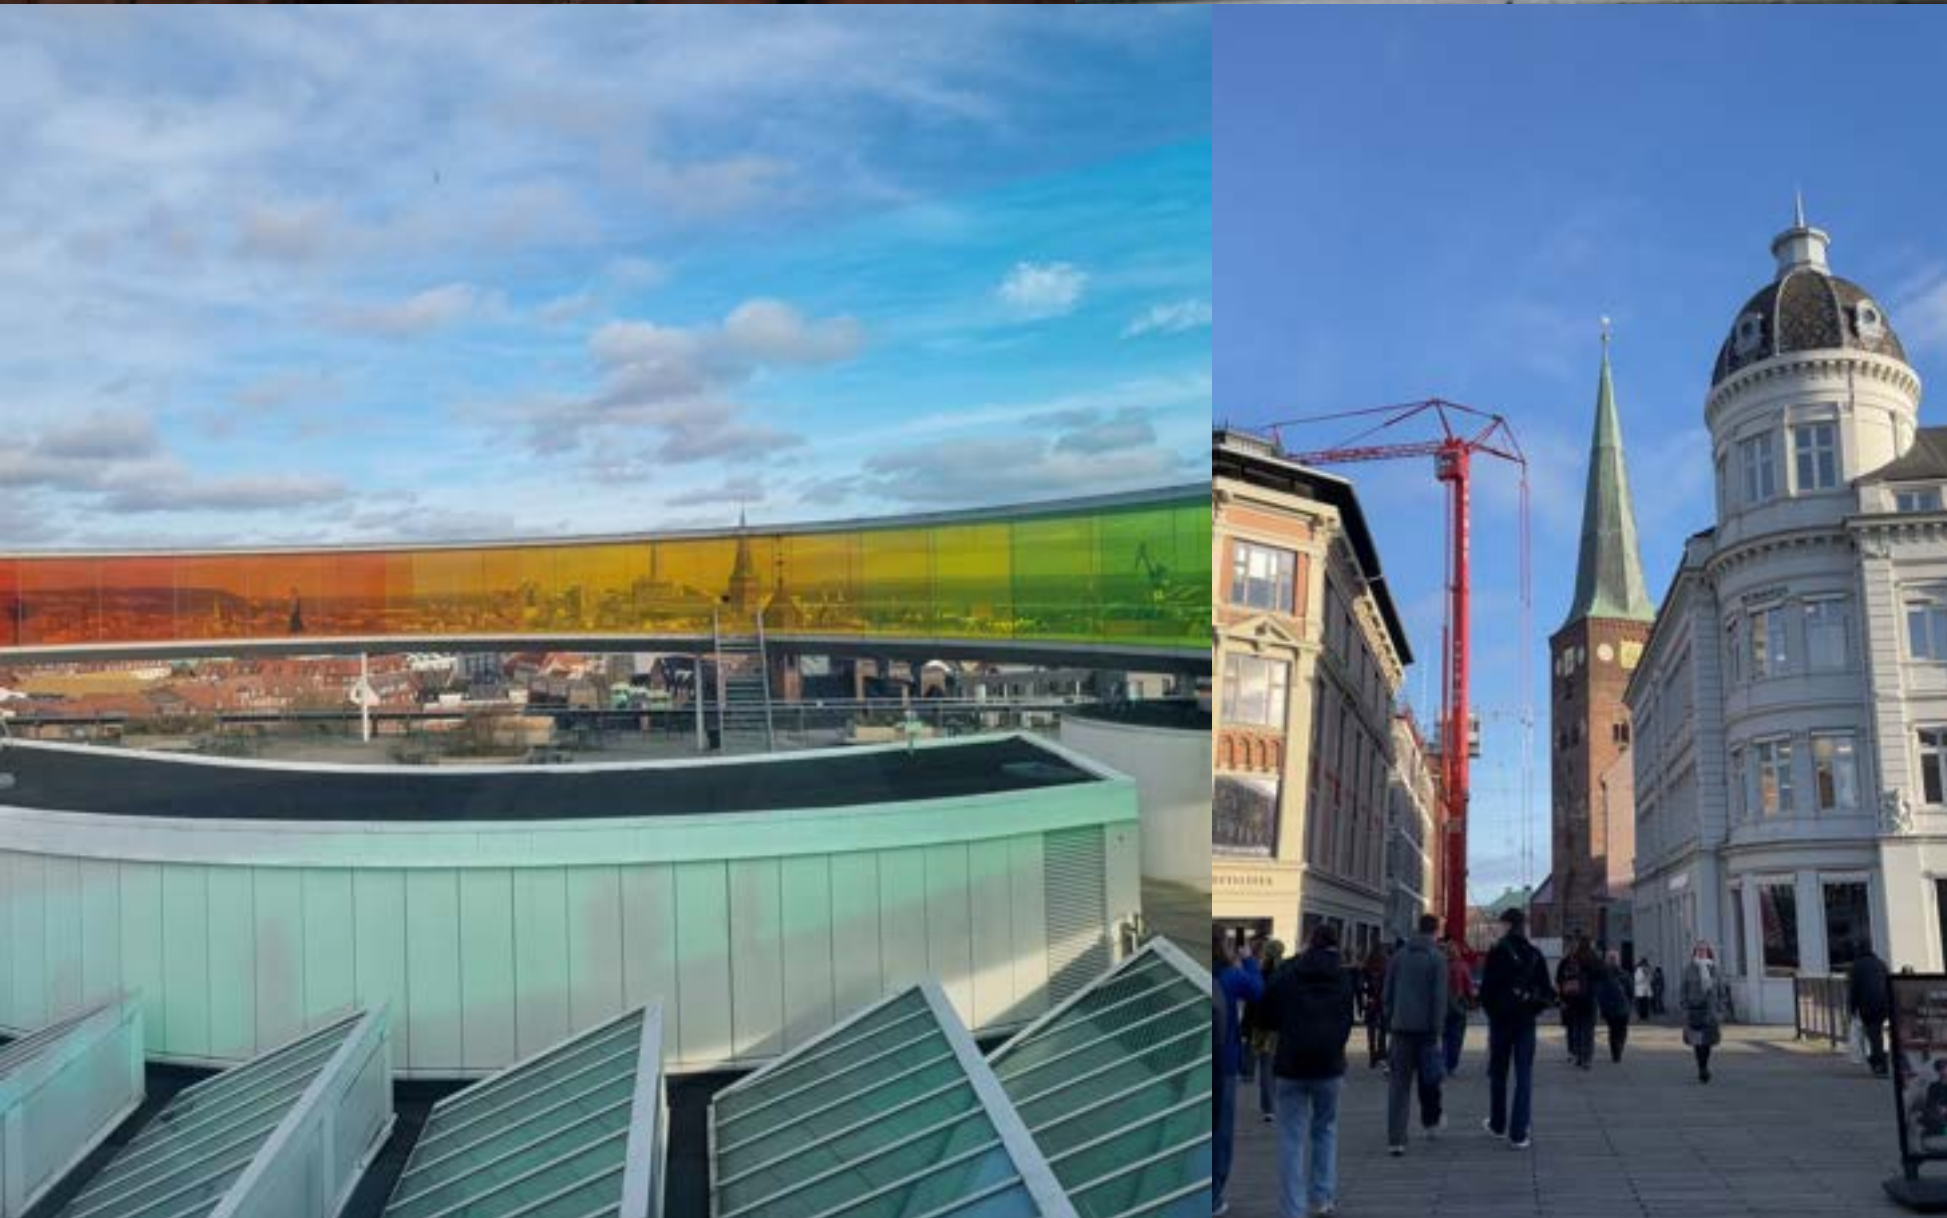

VISIT OF CITY NEAR BY...

AARHUS

- Popular city : Aarhus (2sd biggest city)
- art museum “Aaros” => famous rainbow point of view
- Talk with a famous French bookseller, about cultural differences
- Different architecture
- cleaner

LOCAL HEAT AND POWER PLANT

- The local heat and power plant of Silkeborg
- biggest solar plant of the world
- transitioning towards renewable energy and reducing carbon emissions.
- visit of the plant with a guide

CITIES OF THE FUTURE

- deputy mayor of Silkeborg at school
- Silkeborg's eco-friendly project "cities of the future"
- They have around 10 different kinds of recycling bin
- They keep the highschool very clean and sort the waste.
- group discussions about our futur

THINGS LEARNED ABOUT DENMARK AND THE JOURNEY

POSITIVE ASPECTS

- different educational system and mentality
- ecological projects and perspectives
- cleaner and safer
- New International and intercultural relationships
- lots of traditions
- used a lot public transports

An aerial photograph of a city street, likely in Copenhagen, Denmark, showing multi-story buildings, a wide road with traffic, and a red overlay that covers the entire image. The red overlay is semi-transparent, allowing the city details to be visible underneath.

THINGS LEARNED ABOUT DENMARK AND THE JOURNEY

NEGATIVE ASPECTS

- They snack all the time during the day, and it's not very healthy, hard for us to be hungry
- A week is a short time
- We couldn't find alternatives other than plane to travel
